

Bergen Shipping Company

Introduction

Bergen Shipping Company is a premier logistics and maritime services provider based in the heart of Bergen, Norway. With a focus on sustainability, safety, and global reach, we are committed to delivering exceptional shipping solutions across the world.

Our History

Founded in 1985, Bergen Shipping Company started as a small coastal cargo service. Over the decades, it has expanded its operations to include international freight, offshore services, and specialized shipping. Today, we are a recognized name in Northern Europe's maritime industry.

Revenue & Growth

Bergen Shipping Company

In the fiscal year 2024, Bergen Shipping Company reported a revenue of \$450 million, marking a 12% increase from the previous year. This growth is attributed to expanded routes, increased fleet capacity, and a surge in global demand for reliable shipping partners.

Future Plans

Looking ahead, we aim to invest in green technologies, including hybrid and electric vessels. We're also expanding our digital tracking systems to improve transparency and client satisfaction. Our 2030 vision includes becoming carbon-neutral and doubling our global footprint.

Our Vessels

Our fleet includes over 60 vessels, ranging from bulk carriers and container ships to offshore supply vessels.

Bergen Shipping Company

All our ships meet the highest international safety and environmental standards, and several new builds are underway to incorporate next-gen fuel efficiency technologies.

Bergen Shipping Company

Fleet Spotlight & Company Insights

The Bergen Shipping Company operates a versatile and modern fleet tailored for efficient global transport. Among its key assets are the MV Atlantic Voyager, a robust bulk carrier with a capacity of 75,000 DWT, built in 2015, and the MV Pacific Explorer, a large container ship capable of carrying 8,500 TEUs, launched in 2018. These vessels are part of a growing fleet that emphasizes sustainability and fuel efficiency. Over the past five years, the company has been actively investing in newer vessels that meet stringent environmental standards.

Bergen Shipping Company is a mid-sized international maritime logistics provider, primarily servicing routes across Europe, Asia, and North America. With increasing interest in specialized cargo, the company is steadily expanding its capabilities. Its commitment to modernization is evident in its recent fleet upgrades, positioning the company for strong and sustainable growth.

Financially, Bergen Shipping Company remains stable and growth-focused, with an annual revenue of EUR450 million and total assets valued at EUR1.2 billion. Its solid BBB+ credit rating underscores the company's resilience and trustworthiness in the global shipping market.
